ATS118x-CVR-SP

Placa traseira de instalação para os leitores ATS1160N, ATS1161N, ATS1180N e ATS1181N, versão curta (140 x 49 x 10 mm)

ATS118x Installation Backplates

The ATS118x installation plate is injection moulded and has perforated holes for reader mounting. The installation plate is useful for covering socket holes when using a mullion type reader, provides more space for connections and also helps ensure reliable reading when multi-function cards are scanned. This additional space is particularly important when readers are installed upon metal surfaces.

Detalhes

- Available in three shapes: Basic, Slim and Quattro
- Installation plates greatly reduce eddy currents from metal surfaces
- They also cover unsightly old screw holes and reader cable lead in your installation

ATS118x-CVR-SP

Placa traseira de instalação para os leitores ATS1160N, ATS1161N, ATS1180N e ATS1181N, versão curta (140 x 49 x 10 mm)
